The Veterinary Treatment Facility (VTF) has a full-time veterinarian and veterinary technicians assigned to Moody AFB for the care of military working dogs. In addition to that care, the facility is open for weekly clinic to care for family pets of active duty and retirees in the community. Our goal is to provide quality professional veterinary care in a timely manner to all authorized pets and personnel.

We offer full range of blood work and diagnostic services as well as surgical procedures such as spay, neuter, mass removal, and dental cleaning. We also offer routine vaccinations for dogs and cats, and treatment for minor problems with eyes, ears and skin. Heartworm tests and health examinations are performed for the purchase of heartworm and flea prevention. In addition to health care, nail trimming and micro-chipping are available. The clinic also sells shampoos, ear cleaners and dental care products.

The Veterinary Treatment Facility (VTF) staff is here to assist you in your PCS move with your pets. Upon notification of orders please stop by to discuss the requirements for the country or state you are transferring to. Many countries have a lengthy checklist that involves a time table that helps minimize quarantine time for your pets upon arrival into foreign countries. We have resources available to make a smooth transition to your next assignment.

The VTF does not provide boarding services for your pet; please visit www.moodyfss.com for a list of area boarding facilities.
