LODGING

PRIORITY STATUS

Families PCSing, Military Members on TDY or Permissive TDY status are Priority 1. Individuals traveling for leisure or Space A, are considered Priority 2.

PCS

All PCSing families and personnel must check-in with Moody AFB lodging for space before securing any off base accommodations. Families on a PCS status are only authorized a 30 day stay. If space is not available on base, a Non-Availability (NA) will be provided. Extensions are granted based on availability. Beyond 30 days a formal letter of request is required and can be obtained at the Moody Inn Front Desk.

TDY

All TDY or Permissive TDY status personnel must check-in with Moody AFB lodging for space before securing any off base accommodations.

SPACE-A

Space-A individuals are considered priority 2. Those individuals traveling by Space-A have the opportunity to reserve a family unit up to 30 days in advance or a visiting quarter up to 120 days in advance. Rooms may be reserved in advance and are based on occupancy. If occupancy is high, the lodging Manager may minimize the booking window for Space A reservations.

For official travelers, in the event you are traveling with a "Pre-Loaded" Controlled Spending Account Travel Card, please ensure you contact your unit's Resource Advisor for the action you need to take to load additional funding on your travel card, if required, prior to your checkout. If you cannot load additional funding prior to departure, please contact the lodging manager for assistance.

PET POLICY

The Moody Inn has 15 pet friendly rooms for those traveling with their furry companions. Currently, these rooms only apply to families with dogs and cats. *Please contact the Moody Inn Front Desk for a list of all breed restrictions.* Guests must bring pet shot records to include a current up-to-date rabies vaccination. If space is unavailable for a pet room, but there is a room for the family, a reservation will be made and pets must be kenneled. A list of local kennels can be emailed or faxed in advance by request or obtained at check-in. Non-Availability (NA) cannot be issued if a standard temporary lodging room is available when a pet friendly room is requested, but unavailable.

Please note that there is a mandated daily \$10.00 pet fee for all pet friendly temporary lodging in addition to the daily rate of lodging.
